Steel Strike May End Within Week

Official's Forecast Based on Agreements With Ford, Chrysler

Washington, Jan. 28 (AP)—The labor-management picture took on its rosier hue in weeks today as one high government official predicted an end to the crippling steel strike "within a week or so."

Saying his forecast was based only partly on the trend shown in the recent Ford and Chrysler wage agreements, this official added that more particularly there are signs within the steel industry itself that settlement advocates are gaining the upper hand.

Closely concerned with administration labor policy but otherwise unidentifiable, he said the industry has been divided into a "settling bloc" and a "fight it out bloc," with former now apparently in the ascendancy.

The White House, he said, probably will make no move for the next three or four days but after that "a lot of things may happen." He added that government seizure action is unlikely.

There was no further elaboration from this official. But it was apparent that throughout the administration there were high hopes that the week-end harvest of labor agreements would help induce settlement of the great steel strike and the General Motors tie-up.

The industrial scene now is brighter than in months past, officials said, with the new Ford and Chrysler agreements awaiting union ratification, a threatened railroad strike averted, and the country's packinghouse workers returning to their jobs following federal seizure of the meat packing industry.

It was a sigh of relief, however, rather than a cry of jubilation that went up beside the Potomac. The strike of 750,000 steel workers gradually strangling the manufacturing industries remained the No. 1 concern of the government.

Says Labor Baiting Would Cause Civil War

Washington, Jan. 28 (AP)—Harold C. Havighurst, a professor of labor law, today advised senators against enacting any "labor-baiting legislation" at this time, saying it could "bring us to the verge of a civil war."

On the House side, as the North-western University teacher talked to the Senate Labor Committee, the Rules Committee faced a showdown vote on strike legislation.

Havighurst urged the Senate Committee to support President Truman's request for "fact-finding legislation," saying opposition to it comes from the "laborer employers and the stronger unions."

The administration proposal would set up fact-finding boards with subpoena power and would prohibit strikes for 30 days while the boards sat.

The bill before the House Committee does not provide for either subpoena power or a cooling-off period.

Wants Atomic Pledge

Washington, Jan. 28 (AP)—Senator Tydings (D., Md.) demanded that President Truman immediately call a world disarmament conference to prevent an atomic world war.

Wicks Ready to Submit New Bill for Bridge Between Kingston and Rhinebeck

Negotiations by the New York State Bridge Authority for a ferryboat suitable for operation between Kingston and Rhinebeck are continuing while State Senator Arthur H. Wicks is preparing another bill for the construction of a bridge between Kingston and Rhinebeck, it was learned last night.

Although the State Bridge Authority announced some time ago that a suitable ferryboat had been located, but could not be released from service for some time, it has continued "shopping around for a boat which would meet local needs."

A report that the commission had recently purchased a boat brought forth a denial today from a member of the Bridge Authority, who said the commission is still investigating all available boats, but no boat has yet been acquired.

Meanwhile, Sen. Wicks said that his bill has already been drawn up and will be placed before the New York State Legislature at the current session. The senator emphasized that he had taken every precaution to have the resolution in acceptable form and had it reviewed by the New York State Department of Public Works and the New York State Comptroller's office.

The Wicks bill is expected to have the support of both branches of the legislature for a bill for test borings, the first step necessary toward building of bridge. A similar proposal was vetoed by Governor Dewey at the last session, but the chief executive is expected to place his stamp of approval on the measure this time.

Treasury Receipts

Washington, Jan. 28 (AP)—The position of the Treasury January 24: Receipts \$153,381,291.73; expenditures \$117,872,374.26; balance \$24,957,210,266.00; customs receipts for month \$33,731,276.62; year \$12,470,728,449.39; excess of expenditures \$20,045,744,989.04; total debt \$278,606,439,612.58; increase over previous day \$17,753,220.83; gold assets \$20,156,707,688.94.

G. I. Bill Amendment Hikes Vets' Home Loan to \$4,000

Loans with which to buy, build or remodel homes have been simplified for World War II veterans under terms of the amendment to the Servicemen's Readjustment Act signed by President Truman right after the holidays. This was pointed out here by E. Frank Flanagan, president of the Savings and Loan Association of Kingston, which has specialized in making veterans' home loans during the past year when the old law was in operation. Mr. Flanagan said that in the past the association has made possible, under the original law, the ownership of 100 homes by veterans. He cited the recent production of a Veterans Administration aide that 200,000 home ownership loans would be made to veterans under these new provisions in 1946.

Under terms of the amendment, the Veterans Administration will guarantee up to \$4,000 of the amount loaned by the saving and loan or other lending institutions, and thus it is possible for the veteran to get a loan without a cash down payment, on a much more adequate type of home than before. Mr. Flanagan pointed out that the amount guaranteed by the Veterans Administration takes the place of the cash down payment ordinarily needed for acquiring a home, and with this substitute down payment raised from the former \$2,000 to the new \$4,000 amount, returning service men have a better chance to acquire the kind of home they want.

Protected By Appraisal

"The veteran is still however protected against buying a home which he cannot afford or at a ridiculous price," Mr. Flanagan said. "The new version of the law retains the stipulation in the old law that no underwriting of home loans is to be done."

Meat Situation Is Brighter as 248,000 Strikers Return to Packing Plant Jobs

Ulster Democratic Leader Is Involved With W. T. Stanton

Charged With Paying \$200 Bribe in Deal Involving 1,043,000 Pounds of Sugar

Joseph Forman, chairman of the Ulster County Democratic organization and former corporation counsel for the City of Kingston, was one of seven individuals indicted today by a Federal Grand Jury in New York city, in connection with alleged diversion involving more than 1,043,000 pounds of sugar. Also named were two corporations, the Associated Press reported.

The indictments charged the defendants with filing false O.P.A. statements, unlawful sugar deliveries and conspiracy to deliver sugar unlawfully.

Forman was specifically charged with paying a \$200 bribe to William T. Stanton while Stanton was an O.P.A. enforcement agent.

Forman Makes Denial

The county Democratic chairman issued a statement which said he had not "transgressed any law or regulation."

Corporations named were the Hanscom Baking Corp., of New York city and the Pure Rock Mineral Springs Corp., of Ellenville, N. Y. The first firm was named in two indictments and the second in five.

Individuals named in addition to Forman were:

William T. Stanton, 46, former O.P.A. enforcement division investigator at Albany, N. Y., charged with failing to report violations against a firm which allegedly received more than 1,043,000 pounds of sugar illegally.

Maurice Gottfried, 36, president of the Hanscom Baking Corp., indicted twice.

Harold Gottfried, 43, owner of the Pepsi-Cola Bottling Co., and the Pure Rock Mineral Springs Corp., both of Ellenville, N. Y., indicted six times.

John Michael Joyce, 36, co-owner of the Joyce Seven-Up Bottling Co., New Rochelle, N. Y., indicted twice.

Joseph Chambers, co-owner of the Seven-Up Bottling Co., of Troy, N. Y., indicted twice.

George Long, 41, of 49 Walcott avenue, Chicago, former president of the Pure Rock Firm, indicted once.

The alleged infractions occurred between June 1943 and February 1945.

Stanton served eight months of a two-year prison term for unlawful sale of gasoline ration coupons.

Rep. Latham Hits Surplus Wastes In Pacific Area

Washington, Jan. 28 (AP)—Rep. Latham (R-N.Y.) today cited what he termed "additional confirmation of wanton destruction of enormous quantities" of surplus military supplies in overseas Pacific bases.

Quoting from letters he said he has received from returned servicemen, the New Yorker, in a speech prepared for House delivery, called on Congress for immediate action "to decide what is to be done about it."

Latham said one of the letters, written from New Caledonia, contained this description:

"On Isle Nou over 250 boats of all kinds were burned, most of them in fair or good condition. In every day, for the past month, a large crane on a barge sinks material into the sea, especially absolutely new electrical equipment."

"In Plum Bay about 1,000 vehicles, especially G.M.C. trucks, were burned."

G.O.P. Cold Shoulders Strike Insurance

Albany, N. Y., Jan. 28 (AP)—Republican legislative leaders turned a cold shoulder today toward the state C.I.O. proposal that unemployment insurance provisions be liberalized for strikers.

Louis Hollander, state C.I.O. president, has announced that a bill to cut from seven weeks to one week the period strikers must wait before qualifying for unemployment insurance benefits will be introduced tonight.

"We would be prostituting the unemployment insurance fund by passing such a bill," said one G.O.P. leader, whose party controls the legislature.

"The purpose of the fund is to provide compensation for people who are out of work through no fault of their own," he said.

Another Republican leader predicted the bill would have "rocky sailing." He asserted that "the (C.I.O.) are never satisfied."

May Try for Senate

Washington, Jan. 28 (AP)—Close friends of Rep. Clare Boothe Luce (R-Conn.) said today she may seek election to the Senate this year. Senator Hart (R-Conn.) has announced that he will retire. These persons, who asked not to be named, said a reporter Mrs. Luce will not initiate the race but "will respond to any invitation which may develop."

Discuss Boundaries

London, Jan. 28 (AP)—Deputy foreign ministers of the victorious nations sat down today to discuss Italy's boundaries with France, Austria and Yugoslavia in the first down-to-earth meeting on the Italian peace treaty. The deputies have been meeting for about a week, but up to now they have been merely reviewing decisions reached by the Foreign Ministers' Council last September.

One Becomes Two In Locked Closet Police Discover

Search for Father Leads to Surprise Arrest of Son on AWOL Charge Here

A police search for one man wanted on charges of grand larceny in Dutchess county furnished the Kingston police with an additional arrest Sunday afternoon, when father and son were found cased together on the second floor of the former Blue Stone Inn at 67 Wurts street.

The father, Lawrence W. Murlough, 47, was turned over to Deputy Sheriff Brennan of the Dutchess county sheriff's office on a charge of first degree grand larceny.

The son, Lawrence C. Murlough, 18, charged with A.W.O.L. from the army, was turned over to military authorities of Stewart Field, Newburgh.

The police hunt for the one man eventually turned out to be two, was led by Officer Wesley Cramer and attracted a large crowd of curious onlookers.

Lieut. Ernest A. Boss and Sergeant William J. Leonard were on duty at police headquarters in the city hall on Sunday when they learned that the elder Murlough was at his home on Wurts street.

Officer Cramer is the only man on the department who knew the elder Murlough by sight, and Lieut. Boss instructed him to go to the house and place Murlough under arrest, for the Dutchess county authorities. Officers James Cullen and Gerald Ewory in one of the police cars were also assigned to the job.

When Officer Cramer sought admittance to the house and was refused he immediately got in touch with police headquarters for further instructions.

The officers were told to wait at the house until further word was received from headquarters. One of the officers was assigned to the rear of the house while the other was stationed in front with instructions not to permit any one to leave.

Dutchess Warrant Arrives

In the meantime the sheriff's office in Poughkeepsie was called on the telephone and the situation was explained. Deputy Brennan was dispatched to Kingston with the larceny warrant.

When he arrived at the house he informed the occupants that he held a warrant for the arrest of Mr. Murlough on a grand larceny charge.

Admission was again refused, and the officers forced open the front door and Officers Cramer and Deputy Brennan searched the house, while Officers Cullen and Ewory remained on duty outside the house.

The two officers searched the house from top to bottom without success. They found a closet on the second floor which was locked. They asked for the key to the closet and was informed the key was missing.

Officer Cramer, bending down, glanced through the keyhole and saw that the key was on the inside of the locked door.

The officers obtained a screw driver and removed the screws from the hinges. As they took the door off the two Murloughs, who the officers said were hiding in the closet, stepped out into the room, and were placed under arrest.

While Officer Cramer and Deputy Brennan were searching the house, Lieut. Frederick Stout arrived at the house, and aided in the search.

As the officers removed the locked closet door from the hinges, the two Murloughs surrendered without a struggle.

Local U.N.O. Group Conferring With Site Committee

Kingston and Hyde Park Areas Are Reinspected on Basis of New Suggestion

Members of the local U.N.O. Committee are in Poughkeepsie today conferring with Dr. Shushi Hsu of China, vice chairman of the United Nations Organization Site Inspection Committee, and Senator Don Julio A. Lacarte of Uruguay.

The conference took place prior to a re-inspection of the proposed site in Ulster Park and other sections here. Chairman George E. Verry, Jr., submitted complete answers to all of the qualifications and essential criteria of the United Nations Organization for a global peace home.

Members of the United Nations Site Inspection Committee planned another look today at Hyde Park and Kingston, N. Y., as possibilities for "the capital of the world," the Associated Press reported.

The re-examination of these areas was prompted by what Dr. Shushi Gavrilovic, the committee chairman, said was a new offer of 15 acres on the Kingston side of the Hudson river and 25 on the west side of the river.

Strikes at a Glance

(By The Associated Press)

Approximately 1,400,000 workers kept idle by labor disputes, not counting 248,000 returning to jobs in meat packing plants.

Major developments:

Steel: High government official predicts end of steel strike "within a week or so"; effects of walkout being felt in related industries, with thousands of layoffs forecast in next few days as result of steel "famine."

Meat: Slaughtering resumes under government control, assuring more ample meat supplies in few days; 248,000 C.I.O. and A.F.L. workers return to packinghouses, await fact-finding board's report.

Automobiles: N.L.R.B. takes up C.I.O. United Auto Workers charge that General Motors failed to bargain with union; U.A.W. insists G.M. must pay higher hourly increases than Ford and Chrysler settlements of 18 and 18 1/2 cents respectively.

Railroads: Two rail brotherhoods remain aloof from arbitration agreement signed by 20 rail unions with the nation's major roads; Brotherhood of Railroad Trainmen take strike vote and similar action considered by Brotherhood of Railroad Engineers.

Electrical appliances: Radio Corporation of America and C.I.O. Electrical Workers Union agree on 8 1/2 cents hourly pay raise; may set pattern for settlement of strike against three other manufacturers of electrical equipment.

Week-End Fires Take Toll of 24 Lives in Nation

(By The Associated Press)

Twenty-four persons lost their lives in week-end fires throughout the nation.

Kansas City had the most serious, with 10 persons killed and at least four hurt in an apartment house fire. Six of the dead were children.

Four died and 14 were injured in a hotel fire at St. Louis.

In New York, three lives were lost and one person was injured when a lower East Side tenement burned. A residential fire in Harlem also took the life of a four-month-old Negro baby.

Three men died of suffocation in Skowhegan, Me., when fire consumed the oxygen in a cabin in which they were sleeping. The blaze, believed started by a cigarette, had burned itself out when firemen reached the scene.

Two other suffocation deaths resulted in a Chicago apartment house fire and one person was injured. The victims were women.

At Monroe, La., flames sweeping through part of a small hotel killed one and injured six.

Blazes at three other places left heavy property damage with several reported hurt.

Wind-driven flames swept through 10 business buildings in the heart of Charleston, W. Va., in which four were injured. A business district conflagration at Columbia, Tenn., caused an estimated damage of \$400,000. In New York harbor, the 3,537-ton cargo ship Jacob Luckenbach, anchored a mile south of the Statue of Liberty, had a fire in its hold which raged more than an hour before crew members and fire boats brought it under control.

4 Are Trapped By Fire Saturday In Apartments

Firemen Effect Rescue at Post Street House; Cigarette Was Cause

Four people were trapped on the second and third floors of the three-story apartment house at 22 Post street by a fire that broke out in a couch in the kitchen of Mrs. Jennie Whispell on the first floor Saturday afternoon. All four were rescued by the fire department.

The ground floor, where the fire originated, is occupied by Mrs. Jennie Whispell and Alton Courtney; the second floor by Mrs. Julia P. Ferro and Mrs. Gertrude Kerkout, and the third floor by Merrill Brown and Thomas Perry. The basement is occupied by Matthew A. Kraus.

Started by Cigarette

Fire department officials said that the fire evidently started from a cigarette in the couch in the Whispell kitchen, and before it was brought under control the kitchen was damaged considerably.

The fire threw off a very heavy smoke which filled the entire house.

So heavy was the smoke that the occupants of the second and third floors were unable to make their way through it.

Rescued by Firemen

As the fire department reached the house, they found Merrill Brown hanging from the window sill of a third floor window. A ladder was raised and he was brought to the ground.

Mr. and Mrs. Perry, trapped on the second floor, escaped through a window onto the roof of the adjoining two-story building. Mr. Perry went through the window first jumping down on the roof of the adjoining building, and then assisted his wife to the roof.

They were taken down from the roof by firemen who raised a ladder.

Mrs. Kerkout, on the second floor, was taken to safety by the firemen by way of the stairs leading to the second floor.

Smoke, Water Damage

The entire house was damaged by smoke, but the fire was confined to the Whispell kitchen which was damaged considerably. There was also water damage to the Kraus apartment in the basement.

The house is owned by Mrs. Julius Stone.

Farmers Ship 136,000 Hogs to 12 Markets; N. Y. Haulers Stop

Chicago, Jan. 28 (AP)—Government spokesmen said "apparently all" the 248,000 meat workers returned today to jobs in government-seized meat packing plants, and production got under way after 12 days of strikes.

A C.I.O. Meat Workers' union representative confirmed the government spokesman's report, adding things were "all quiet" on the meat packing front.

Patrick J. Gorman, president of the A.F.L. Meat Workers' union, said all his men returned to work Saturday.

Receipts of hogs at 12 leading western markets were 136,000 today, compared with 53,045 a week ago, and 72,085 a year ago.

Meat Must Season

A survey indicated that practically all the 248,000 A.F.L. and C.I.O. meat industry workers would return to the 134 packing plants seized Saturday by the U. S. Department of Agriculture.

Although slaughtering began today, carcasses must be "hung" 24 to 48 hours, so that deliveries in quantity to the country's butcher shops probably will not start before Wednesday. However, government managers of some plants said deliveries would be resumed immediately of meat taken from supplies on hand.

Ralph A. Walter, president of the Chicago Livestock Exchange, said farmers had cut their shipments of livestock 75 per cent during the strike, and overshipments now were possible. However, said Walter, "we can now handle a slight oversupply, and we are sure we can get farmers to hold back later this week if we find the market glutted."

Strike in New York City

New York city's millions may not benefit immediately from the resumption of meat production. An A.F.L. teamsters union local official directed 200 meat company drivers not to return to work, and said New York plants would be picketed if attempts were made to move meat from the plants. The drivers are involved in a dispute about overtime pay.

The order to the A.F.L. truck drivers was issued yesterday by Martin T. Lacey, secretary-treasurer of Local 516 of the International Brotherhood of Teamsters, Chauffeurs and Helpers.

The union official said the difference was not related to the which led members of the C.I.O. United Packinghouse Workers of America to strike for higher pay on January 16. Earlier yesterday, 500 C.I.O. union members voted unanimously to return to work in plants taken over by the federal government here.

Lacey said the teamsters, who have not been at work during the packing strike because it eliminated the need for hauling, would picket plants of the Swift, Armour and Wilson companies if attempts were made to move meat.

U. S. Comptroller Joseph Schulz was to confer with the drivers union and the companies today in an effort to resolve the differences before new meat supplies are ready to be sent to retail markets in the next few days.

Get Wages on Wages

Before urging 134,000 C.I.O. packinghouse workers to go to work for Uncle Sam, Lewis J. Clark, union president, told Secretary of Agriculture Anderson a pledge to "apply immediately" for authority to put into effect any pay raise recommended by a fact-finding board studying the meat dispute.

Officials of the A.F.L. Amalgamated Meat Cutters and Butchers Workmen Union described their action in sending 55,000 members back to work a "temporary truce" which would last "at least until we know what the fact-finding commission will recommend."

The fact-finders, who conducted hearings in Chicago last week, have returned to Washington, and

Factory Wages Rise Despite Strikes

Albany, N. Y., Jan. 28 (AP)—Factory employment and wages in New York state increased from November to December despite strikes and seasonal slumps in some industries, the State Labor Department reported today.

Industrial Commissioner Edward Corsi said employment in upstate factories increased 5 per cent and payrolls rose 2.1 per cent. Utica led upstate cities in both categories.

New York city factories reported a 4 per cent gain in employment and a wage increase of 2.8 per cent. In shipbuilding, payrolls were 8.4 per cent higher, despite an employment drop, because of an added number of hours worked.

Lacey said the teamsters, who have not been at work during the packing strike because it eliminated the need for hauling, would picket plants of the Swift, Armour and Wilson companies if attempts were made to move meat.

U. S. Comptroller Joseph Schulz was to confer with the drivers union and the companies today in an effort to resolve the differences before new meat supplies are ready to be sent to retail markets in the next few days.

Get Wages on Wages

Before urging 134,000 C.I.O. packinghouse workers to go to work for Uncle Sam, Lewis J. Clark, union president, told Secretary of Agriculture Anderson a pledge to "apply immediately" for authority to put into effect any pay raise recommended by a fact-finding board studying the meat dispute.

Officials of the A.F.L. Amalgamated Meat Cutters and Butchers Workmen Union described their action in sending 55,000 members back to work a "temporary truce" which would last "at least until we know what the fact-finding commission will recommend."

The fact-finders, who conducted hearings in Chicago last week, have returned to Washington, and

Uniform Price \$3.55 Predicted for Milk

New York, Jan. 28 (AP)—A uniform price of \$3.55 a hundredweight for milk delivered to the New York pool plants during January was forecast today by Dr. C. J. Blanford, administrator for the New York Metropolitan Milk Marketing Area.

In addition, farmers in the six-state milkshed will receive an estimated 70 a hundredweight in feed payments from the U. S. Department of Agriculture, making the total return \$4.25.

This compares with \$4.20 paid in January, 1945.

Dr. Blanford said January milk production was expected to total 370,000,000 pounds, an increase of approximately 32,000,000 pounds over last month. Total return to be shared by farmers in January was estimated at \$16,313,499.

Suspect Held

Detroit, Jan. 28 (AP)—Inspector Charles Scarle, head of the Detroit Police Department homicide squad, announced today that Frank Lobaldo, 29-year-old grocer, was being questioned in connection with the attack yesterday on seven-year-old Rosalie Giganli, found in an alleyway with her throat slashed from ear to ear. The inspector stated, "He added Lobaldo had denied under questioning any knowledge of the attack."

KITH and KIN

Earth has made charming places

Each with multifold attractions...

Friendship built with happy hours

And love which binds us closely...

Mountains, valleys, lakes and oceans

Find a wealth of fascination

But there's still one attraction

Bringing more than admiration.

Friends we have here—kindred souls

True and true and true and true...

Streets we tread glowing days

And nights we treasure dearly.

"Kith and Kin" are those who cherish

Never quite replaced by others

Memories held that sweetly perish

"Kith" are neighbors—"Kin" are brothers,

Who share with us the same

Breaking ties that change us over

But to Kith and Kin, I bow

The greatest love that's known.

Funeral services for John Van Wageningen were held at his late home in Lomontville Sunday at 2:30 p. m. The Rev. Cornelius Van Tol, of Beacon, officiated at the services. Members of the consistory of the Stone Ridge Reformed Church acted as bearers. Surviving are his wife, Alice; three sons, David Oliver of West Hurley; Charles Benjamin of Lomontville, and Oscar V. of Lansdale, Pa.; two daughters, Mrs. Moseley Hoffman of Hillsdale, Pa.; Mrs. Willard Vrooman of Poughkeepsie, and nine grandchildren. Mr. Van Wageningen had been a member of the consistory of the Stone Ridge Reformed Church for the past 49 years, also a charter member of the Stone Ridge Grange.

Funeral services for Frank Tucco Bonavita were held from the late residence in Glasco Saturday at 9:30 a. m. and at St. Joseph's Church at 10 a. m. where a requiem high Mass was offered for the repose of his soul by the Rev. Joseph E. Rivoli, pastor. During the offertory of the Mass, Charles Ricciardi sang "Ave Maria" and at the conclusion, "Vale." Father Rivoli visited the family home on Friday and led the assembled relatives and friends in the recitation of the Rosary. There were a very large number of beautiful floral bouquets and spiritual bouquets in the form of Mass cards. Bearers were Joseph Mello, Michael DeCree, Michael Misasi, Thomas Aloia, Louis Bruno, and Michael Spada. Interment was in the family plot in St. Mary's cemetery, Barclay Heights, Saugerties, where the Rev. Father Rivoli pronounced the final absolution.

Funeral services for Thomas A. Leach, who died at his home, 122 Andrew street, Saturday evening, will be held at the late home Wednesday morning at 9 o'clock and at St. Mary's Church at 9:30 where a high Mass of requiem will be offered. Burial will be in the family plot in St. Mary's cemetery. Mr. Leach, a veteran of World War I, with 18 months overseas duty, recently underwent a major operation and was convalescing at home when complications resulted in his death. He was a member of Kingston Post 159 of the American Legion and Carpenter's Union 231. A cabinet maker by trade, he had completed some of the finest work in this section of the state. Surviving are his wife, the former Marguerite F. Cavanaugh; one daughter, Mary, attending Cortland Teachers College; one son, David, of Brooklyn; and three sisters, Lillian of New York, Theresa and Rita of Kingston.

Speakers at the forum were Walter Williams, executive secretary, and Edwin B. Lammot, director, of the State Association.

Financial and Commercial

New York, Jan. 28 (AP)—Led by steels and motors, stocks bounded up one to more than six points in one of the fastest drives of the past year.

Revival of labor hopes, with the Ford-Chrysler wage settlements expected to break the strike log jam, plus the belief that the wage-price spiral would accenduate inflationary trends, served to touch off heavy speculative and investment demand in all departments.

The ticker tape was late during the greater part of the initial period as blocks of 1,000 to 50,000 shares changed hands on the upside. Turnover in the first hour was 1,010,000 shares, largest since 1940. Activity tapered before midday and extreme advances were trimmed in the majority of cases near the fourth hour.

Late openers included U. S. Steel, up four on 3,000 shares; Chrysler, up 6 1/2 on 2,500 shares; Colorado Fuel & Iron, up 2 1/2 on 30,000 shares; United Corp., up 1 1/2 on 10,000 shares and Commonwealth & Southern, unchanged at four on 50,000 shares.

Hyde Park side to supplement the late President Roosevelt's estate.

Committee members also were to confer with New York city representatives regarding the possibility of establishing temporary headquarters here.

The committee expects to return to London next Sunday.

Dr. Gavrilovic said his group was preparing a detailed report on possible U.N.O. headquarters sites with great care because "we are building not for five years but for from 50 to 1,500 years."

Saying the committee felt at least 40 square miles would be needed for the permanent seat, the chairman explained: "It will be the capital of the world, and 40 square miles is not too much."

He said the committee had not recommended any single site but described as "favorable, more favorable or less favorable" the places listed in a report cabled to London.

Nazi Stooze on Trial

Vienna, Jan. 28 (AP)—Rudolf Neumayer, who accepted the post of finance minister in the Austrian cabinet formed by Arthur Seyss-Inquart in March, 1938, for the purpose of handing the country over to Germany, went on trial today on charges of treason.

Neumayer, a white-haired 58-year-old career official, declared he had nothing to do with political preparation for the Anschluss and testified he was promised by Seyss-Inquart that Austria would remain independent despite the influx of Nazi troops and functionaries.

Tenants Advised to Stick To Their Rights by O.P.A.

Should Protest to Office in Cases Where Their Landlords Ignore Obligations

Tenants in the O.P.A. rental area are protected from both inflationary rents and unwarranted evictions as long as they comply with their obligations, Francis X. Riley, O.P.A. district director, said today.

"Unfortunately some tenants do not insist upon their rights under the law because they fear that they may be forced to move during this period when it is extremely difficult to find a place to live," Mr. Riley said. "Instead, they permit landlords to ignore their obligations without protesting to the office so that the evictions may be stopped."

Mr. Riley urged tenants to remember the following facts:

If they rent a house, apartment, hotel room, boarding house room or parking space for a trailer in this area, maximum rent has been set for it.

Ceiling Rents

The ceiling rent generally

should be no higher than the rent a tenant paid for the same accommodations on the maximum rent date. Services, such as heat, water and garbage collection, should be generally no less than those on the maximum rent date.

When a tenant rents a house, apartment or room in a private home, he should ask his landlord to show him a copy of the official O.P.A. Registration Statement. It gives the legal maximum rent and lists the services to which the tenant is entitled. The tenant then should comply with the landlord's request to sign the registration statement and a Change of Tenancy form. If the tenant lives in a hotel, boarding or rooming house, he should find the maximum legal rent posted in the room or a notice stating where he may check it.

Can't Evict Tenant

If a tenant thinks he is being overcharged, he should notify his rent office. A tenant cannot be evicted for refusing to pay more than the ceiling rent.

If a tenant gets an eviction notice, he should notify his O.P.A. rent office and find out what his rights are. In this crowded area, generally the tenant will not have to move for six months (three months if that is maximum).

Have Obligations Also

Tenants have virtually the same obligations under rent control as they had before O.P.A. controls. These include:

Payment of their legal rent promptly.

Taking reasonable care of the property that they occupy.

Refusing to permit use of the housing unit for an immoral or illegal purpose.

Soviets Withdraw From Chinese Area Jan. 23

By JOHN RODERICK

Yenan, Jan. 25 (Delayed) (AP)—The new China Daily News Agency reported tonight that Soviet Russia troops had withdrawn from Chihfeng, Jehol Province, on January 23 and that the city had been taken over by "local troops."

The Communist News Agency said the occupying force was neither Nationalist or Red, but did not identify it more exactly. The townspeople elected their own government and established a preservation corps to maintain order when the Russians withdrew, the agency said.

Stopford to Take Over

AT THE END OF RECORD TRANSCONTINENTAL FLIGHT

Col. William H. Councill leaps from his jet-propelled Army P-80 pursuit plane at New York's La Guardia Field, after setting a transcontinental speed record by streaking 2,470 miles from Long Beach, Calif., in four hours, 13 minutes and 26 seconds—584.82 miles per hour.

Councill Wants To Fly Jet Plane To Europe Now

Cross-Country Record Pilot Confident His 'Shooting Star' Can Make New Mark

New York, Jan. 28 (AP)—Col. William H. Councill, whose jet plane, blazed a new transcontinental record Saturday, would like to take a hop to Europe now.

He's confident the P-80 "Shooting Star" could make that trip in record time, too.

The jet-propelled fighter piloted by Col. Councill flew here from Long Beach, Calif., non-stop in four hours, 13 minutes and 26 seconds.

"The distance from New Foundland to Britain is 2,200 statute miles," said the colonel, "when I landed at La Guardia Field from Long Beach I had covered 2,470 miles. There was enough fuel in the plane for another 450 miles, too."

The previous record was five hours, 27 minutes and 29 seconds, set by the B-29 "Dreamboat" in a flight last December 11 from Burbank, Calif., to Floyd Bennett Field, a distance of 2,464 miles.

To Elect Officers

The annual election of officers will be held at the regular monthly meeting of Trinity Lutheran Men's Club on Tuesday evening. The meeting will be held in the church assembly hall, corner of Spring and Hone streets and will commence at 8 o'clock. All male members of the congregation, especially ex-servicemen, are urged to attend as considerable business pertaining to the welfare of the parish will be transacted. A social hour will follow the business meeting and refreshments will be served.

BOWEL CLEANING POWER OF ERS-HELP MEDICINE

One man recently took ERS-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleaned that his constant headaches came to an end, several pimples on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an entirely different man, feeling fine in every way.

ERS-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERS-HELP. Sold by all Drug Stores here in Kingston.

Schools Continue Collections for March of Dimes

Collection for the March of Dimes in Kingston's public schools will continue this week, Raymond H. Rignall, School No. 6 principal and school chairman for the drive said today.

Each school is determined to top last year's sum especially school No. 8 which collected \$122 last year, and at latest reports had accumulated \$80. The goal for this year has been set at \$125.

Kingston High School has collected around \$125. In one of the classrooms of school No. 6 the children had added up that they spent some \$18.75 for movies, candy and other nicknacks in one week and have decided they would rather give their weekly amusement allowance to the "March of Dimes." Classes are competing against classes and schools against schools to raise as much as possible.

As Mrs. Virgil Everett, R.N., chairman of the Ulster County Chapter nurse's committee states, polio is usually rampant in the month of October, and no one knows how many cases may break out in any community. Once that parents are suspicious that their child may be ill of polio, they may request consultation with Dr. B. J. Mattison, state health physician, for a positive test of polio.

Anyone wishing to send contributions, or buy tickets for the ball, Wednesday evening at the Penguin, may send checks addressed to "March of Dimes" P.O. Box 914, Kingston, N. Y.

N. Y. Agricultural Schools in Line For Improvement

Albany, N. Y., Jan. 28 (AP)—Improvement of the state's six agricultural and technical institutes is recommended by a state educational committee.

Urging an immediate start toward better teaching and broadened programs, Dr. J. Cayce Morrison, assistant commissioner for research, State Education Department, adds:

"The war is over. The rural people of New York will support the existing agricultural and technical institutes if the state makes them worthy of support."

Morrison made the report—announced last night—at the request of the joint committee on rural educational services, appointed in 1944 by the Board of Regents. The Regents have approved Morrison's study.

The study asserted that the increased mechanization of agriculture and the growing complexity of rural life demand more vocational and social training in the institutes.

The institutes are at Delhi, Morrisville, Cobleskill, Farmingdale, St. Lawrence University at Canton, and Alfred University at Alfred.

Between D-Day and VJ-Day approximately 1,500,000 gallons of gasoline and lubricants were delivered to the armies in Europe—an average of about 5,000,000 gallons per day to depots and air bases on the Continent.

Soviet Charges Spellman With Waging Politics

Moscow, Jan. 28 (AP)—Isvestia, organ of the Soviet government, declared in an article published yesterday that Archbishop Francis J. Spellman, cardinal-designate, was waging active Vatican politics in America.

The article, written by D. Petrov, discussing the appointment of 32 new cardinals by Pope Pius XII, said the Vatican's naming of four new cardinals for the United States, and one each for England, Canada and Australia indicated the Catholic church was trying to strengthen its influence in "the Anglo-Saxon countries."

Singling out Archbishop Spellman and Bernard Griffin, Archbishop of Westminster, England, the article said Spellman "by all means defended the Vatican when the Vatican, one year after the treacherous attack of Japan on Pearl Harbor and despite the many criminal acts of Japanese imperialism, favorably received the Japanese ambassador."

Spellman, the article added, was trying to "arouse the American people to accept Franco (Generalissimo Franco of Spain)." "Griffin gained notoriety," the article continued, "through his acts of participating in slanderous speeches against the U.S.S.R., even during the moment of the heaviest struggle of the English and Soviet peoples against Hitlerite Germany."

It accused the archbishop of Westminster of opposing the Yalta decisions regarding Poland and sympathizing with "Polish traitors." In New York the archbishop could not be reached for comment.

Aviation Board Considers Aerial Routes in Area

Philadelphia, Jan. 28 (AP)—The Civil Aeronautics Board today prepared to hear arguments from spokesmen of 32 airline companies seeking charters to operate in interstate commerce in New York, Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia.

Charles Frederick, principal CAB examiner, said more than 28 other applicants in the consolidated middle Atlantic case had withdrawn petitions for certification as carriers.

The Port of New York Authority has notified the CAB it will intervene in the certification of Helicopter service to Metropolitan areas, Frederick said. The port authority's opposition is based mainly on the contention that Helicopter service is not profitable nor completely safe.

Oppose Helicopter Route Specifically, the port authority opposes the application of Durham-New York Helicopter Service, Inc., which seeks CAB approval of routes from New York City to Sharon Springs, N. Y. via Catskill, Cairo, East Durham, Cooksburg, Middleburg and Cobleskill, and from Buffalo to Rochester, Syracuse, Rome, Utica, Herkimer and Sharon Springs, from where it would back-track the New York City-Sharon Springs route as far as Catskill.

The CAB said many of the leading carriers—American Airlines, Inc., Eastern Air Lines, Inc., Pennsylvania Central Airlines, Transcontinental & Western Air, Inc.—are among the applicants for routes which include plain shuttle service connecting Westchester Airport, New York City, with La Guardia, Idlewild and Newark (N. J.) airports.

Several of the carriers seek routes connecting cities like New York City-Wilkesbarre, Pa., via Riveredge-Hackensack and Westwood, N. J., or Pearl River, Spring Valley, Suffern and Port Jervis, N. Y.; Carbondale and Scranton, Pa.

Two cases of damage to cars in Port Ewen area by hit-and-run drivers, both happening at an early hour Sunday morning, were reported to the sheriff's office.

Jacob C. Schultz, Delaware avenue taxi driver, reported at 2:15 a. m. that his taxi had been struck and damaged by another car, the driver of which did not stop. The accident happened on 9-W at Port Ewen. A deputy who made an investigation of the area, including back roads, could find no trace of the other car involved.

At 12:20 a. m., Edwin Hommel of Port Ewen reported that his car had been sideswiped on 9-W by a car which continued on its way without stopping. A query over the State Police teletype brought reply that a license number given by Mr. Hommel could not be found listed either in Sidney or Albany.

Injured in Head-on Crash at West Park

Cars driven by Ferdinand Weigman, 50, of Rifton and Pvt. Basil Patrick, 23, of the U. S. Army, were so badly damaged that they had to be towed to a garage, following a head-on collision on 9-W at West Park about 11:45 Sunday night.

Trooper J. J. Dine of the Highland Station, State Police, reported that Mr. Weigman received chest injuries and was treated at the station by Dr. P. Lord of Highland.

Two Catskill Youths Killed in Accident

Reginald Edson, 15, son of George Edson, and Robert Smith, 10, son of Joseph Smith, both of Catskill, were fatally injured Friday night when the coaster wagon they were riding in was struck by an automobile driven by Calvin Russell, 28, of Catskill. Mr. Russell informed investigating officials that he was blinded by the lights of a tractor trailer and did not see the boys or the little wagon until just a second before the impact. The accident occurred at the intersection of West Main street and Railroad avenue, in Catskill.

Milk Prices Are Due for Probe by State Commission

First of 5 Meetings Is Scheduled in May; Four Will Be in Upstate Area

Albany, N. Y., Jan. 28 (AP)—The Ives Commission studying agricultural conditions in the state will start investigating the milk price "spread" late in the spring.

Tentative plans call for five public hearings—four in widely scattered cities upstate and one in New York City. The first hearing probably will be held in May.

Meanwhile the Republican-controlled legislature is expected to continue resisting Democratic pressure to force an immediate inquiry to determine what happens to the difference in the amount paid to the milk producer and the price charged to the consumer.

The Democrats voted last week for a resolution continuing the commission for a year, but they seized the occasion to charge that the Republicans were delaying a probe of milk because this is a gubernatorial election year.

Assembly Majority Leader Irving M. Ives, chairman of the commission and thoroughly familiar with inter-party jockeying, implied that the Democrats were harping on milk for political reasons.

He said the commission, created last year upon the recommendation of Governor Dewey, had devoted its time so far largely to fact-finding about the various phases of the state's agriculture in order first to promote increased production and consumption.

The commission's interim report will be submitted to Dewey and the legislature next month. The report will recommend some 1946 legislation but nothing radical or sensational, an informed source said.

Ives is slated to end his legislative career, including membership on the commission, at the close of this season.

Fire Destroys Frame Building at Whiteport

The two story frame building, near Schroeder's, at Whiteport, was completely destroyed by fire Sunday evening. George Schroeder, the owner, had been away for a time and on returning about 5 o'clock noticed a light in the rear of the house. He attempted to enter the place and found the interior a mass of flames. Origin of the fire is undetermined.

Members of the Bloomington Fire Department responded to a call for aid but on arrival found the building and its contents completely destroyed. They devoted their attention to saving adjoining buildings which stood close to the main house. A call was also sent to Kingston for aid but because of lack of water the Kingston firemen were unable to give much aid.

Minor Flareups In W.U. Strike but No Arrests Made

New York, Jan. 28 (AP)—Striking members of the American Communications Association (C.I.O.) threw 1,000 pickets around the Western Union building at 60 Hudson street today, shouting at everyone entering the building in attempts to discourage them from going to work.

Two hundred policemen were on duty and there were several minor flareups, but no one was arrested. The union is striking against Western Union in a wage line.

Forming a double line, the pickets marched in front of the building, shouting to all persons who entered, whether they were Western Union employees or workers for other companies with offices in the building.

Contingents of pickets representing other C.I.O. unions also took part in the demonstration. Saul Mills, secretary-treasurer of the greater New York C.I.O. Industrial Council, said the extra pickets were "a demonstration of C.I.O. support to the Western Union strikers."

Get Better Cough Syrup By Mixing It at Home

Quick Relief. Big Savings. So Easy! No Cooking. To get quick relief from coughing, you should make sure by mixing your own cough syrup at home. It's no trouble at all, and you know it's pure and good. It needs no quinine, and it's an easy to make that a child could do it. From your drugstore, get 2 1/2 ounces of Elix. Four times a day, after meals, add enough plain syrup to fill up the glass. To make syrup, stir two cups of granulated sugar and one cup of water in a saucepan, until dissolved. Or you can use corn syrup instead.

CUTICURA OINTMENT

Good Taste Today

By Emily Post
(Author of "Etiquette," "Children Are People," etc.)

A DIVORCE COMPLICATION

The rules governing the conventions of divorce are in many cases indefinite. For example, a woman marrying a man who was divorced asks: "What shall I do about sending wedding announcements to the son and daughter (both married) of my fiancé? I do not know them well, but we have met and they have been friendly. However, they lean toward their mother, from whom their father was separated more than five years ago. I did not know the family at that time."

It seems to me that engraved announcements would be out of key. My opinion is that a letter from him now telling them of his engagement and wedding plans and giving them the chance to be present should be care to—and at least leaving the door to the future open to them—would be best.

Questions Concerning Duties of Hostess

Dear Mrs. Post: Is it considered good form for a hostess to open the outside door for her guests when they are leaving? (2) If so, should she stand at the door until they have left the porch or until their car has driven off? (3) What is the order of introductions when there are several grownups in a party (both men and women) as well as children?

Answer: (1) For women or little children, yes. Men and grown children, no. (2) The rule is not very strict except that she shouldn't be wrong in being overcorrect. That means watching them down the steps and out to the car. She would be considered rude if she shut the door too abruptly. (3) It is best to introduce people as they happen to be sitting rather than single out persons of importance like flags stuck in a map.

Acknowledging "Thank-You"

In Several Ways

Dear Mrs. Post: What am I to answer when people just say, "Thank you" after I have sung a solo? I am a young girl who sings in the church and school on special occasions and when people tell me afterwards that they have enjoyed my singing. I answer, "Thank you," but when they say, "Thank you," I don't know what to say. It's as though they took the words out of my mouth.

Answer: You can say, "Thank you for liking it." It is good of you to say so. "I'm so glad you liked it" or "You are very kind."

"Conventional Party Menus" would bring ideas to the busy hostess. For this leaflet, send a 3-cent stamped, self-addressed envelope to Mrs. Post in care of Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Hogan and Keiser Meet in Play-Off For Phoenix Title

Hershey Acc. Misses Big Chance to Cop Money by Missing Putt on 18th Green

By EDDIE LAKE

Phoenix, Ariz., Jan. 28 (AP)—The pressure was heavy on Belitt Hogan yesterday when he missed that four-foot putt on the 18th green that sent the Phoenix Open golf tournament into overtime. It will be heavy today when he meets Herman Keiser from Akron, Ohio, in an 18-hole playoff.

The 33-year-old professional shotmaker from Hershey, Pa., needed that putt to beat a 273 stroke, 72-hole total turned in by Keiser and to capture the \$1,500 first money and the Phoenix Open title. It will be the first playoff of the pro's current tour.

In the morning, the 137-pound ex-Army officer matched shots with George Snelitzer of Salt Lake City, Utah, one back of Hogan when they started. Snelitzer posted rounds of 72 and 73 yesterday to wind up fifth with 280 and \$375.

In the afternoon, he watched a red-hot Vic Ghezzi, former Army sergeant from Knoxville, Tenn., take the course apart in 30-34-64—tying his own course record here—sweep from nowhere into third place in the final standing and earn \$750.

The loser of today's playoff, the second in Phoenix Open history, gets 1,000 second money.

Fourth place went to E. J. Harrison of Little Rock, Ark., who made the two rounds in 71-67 for 278 and \$800.

Top amateur contestant was Smiley Quirk of Los Angeles with a 69 and 73 for 282, one stroke better than Frank Stranahan of Toledo, Ohio, whose rounds were 67 and 72. Bud Ward of Spokane, Wash., finished third with 291.

Sam Byrd of Detroit and Lloyd Mangrum of Los Angeles were bracketed ahead of Snelitzer with 279's and Joe Zarhardt, Norristown, Pa.; Leland Gibson, Kansas City, Mo.; Chandler Harper, Portsmouth, Va., and Jim Hines, Chicago, all had 281.

Harold (Jug) McSpaden of Sanford, Me., who finished well back in the running with a 285, defeated Byron Nelson, Toledo, Ohio, going ace, in the only other dead-end in the history of the tournament. McSpaden won that one, in 1944, 70-72. Nelson, the winner of the tournament last year, was not entered this year. Also at 285 were Herman Barron, White Plains, N. Y., and Henry Ransom, Houston, Tex.

Willie Goggin of White Plains, N. Y., finished with a 294.

Better Bowling By Billy Sixty

SHIFT STANCE: Spare bowling is a perplexing point to most beginners only because they don't understand spare angles.

This is especially true of the "end" pins, such as the Nos. 7 and 10, when left up separately.

In shooting either pin it is imperative that the stance be shifted to the left side of the alley in "sparing" the No. 10, and to the right of the center (approximately between the center of the alley and the right hand gutter), thus providing a perfect angle.

It is not necessary to shift only the body, however, because a change of position must also be made. In other words, FACE the pin. To do that, the feet should be turned toward the pin, and with the turn of the feet the shoulders also turn naturally.

Thus the SINGLE pin actually becomes the OBJECT pin—the lone target. Turning the feet and shoulders toward the pin causes the arm to swing in its natural groove and lends itself readily to an easy, effective and accurate follow-through.

The advice to a hook bowler is that the ball be speeded up to cut down the "break" of the ball. (Copyright by John F. Dille Co.)

Notre Dame Seeks To Maintain Clean Basketball Slate

12 Game Winning Skein to Be Tested by Michigan State and Wildcat Cagers

New York, Jan. 28 (AP)—Notre Dame's star-studded basketball team, already hailed as one of the greatest to represent the famous South Bend University, may also attain the distinction of becoming the first cage squad in the school's history to go through an entire season undefeated.

Although they are riding the crest of a 12-game winning streak, Coach Elmer Ripley's Ramblers still have a long way to go. Numbered among their victims are the powerful aggregations of De Paul, Great Lakes, Purdue, Chauteau Field and Kentucky, but the Fighting Irish must still get by such stalwarts as Michigan State, Northwestern and New York University as well as De Paul in a return engagement. Of these Michigan State and Northwestern are to be met this week.

Down Kentucky

The most outstanding of Notre Dame's triumphs was the 56-47 conquest of Kentucky Saturday night which enabled the Irish to keep in front of Oklahoma A. & M. and New York University in the race for national honors. The Aggies and Violets each have lost one game.

The New York Violets, idle last week, prepare for the all-important Madison Square Garden clash with Notre Dame February 9 by engaging Boston College at the Boston Garden Thursday. Victorious in 11 of their 12 games including decision over Colgate, Arkansas, Colorado and Cornell, the Violets suffered only a 43-41 setback by North Carolina.

To Train at Daytona

Montreal, Jan. 28 (AP)—Montreal's International League baseball club has completed its spring training exhibition schedule which features three games with the parent Brooklyn Dodgers. In announcing the Boys program last night, General Manager Mel Jones said the players will start training at Daytona Beach, Fla., March 1.

Alpine Kegler Pounds 1479 Series to Take Temporary Hold on Mayor's Trophy

Rallying with a 534 double and 495 single, after a 450 team series, Charlotte Lapine, one of the city's veteran female stars, took over first place in the all-even department of the seventh annual women's city bowling championship with a 1479 total Saturday night.

The 1479 series gave the Alpine ace temporary possession of the Mayor Edelmuth trophy. Mrs. Charles Wilson's 203 single gave her the lead in that department.

The Barn rolled 2292 to lead the first squad of eight teams in the race for team honors, while the sparkling O'Donnell girls—Marie and Pat—compiled a 1031 doubles-for-first place.

The annual championships got under way Saturday evening at the Central Recreation alley, with Mayor William F. Edelmuth throwing the first ball, a perfect strike, and cutting the ribbon to launch the tournament. Final competition is scheduled next week-end.

Powered by Marge Jansen's 523 and a 171-pin handicap lift, The Barn reeled off games of 720, 807 and 765 to assume first place. Scores were sub-normal in virtually every department.

Marie O'Donnell powdered a 553 scratch series which abated by a 78-pin handicap gave her a rousing 633 series for first place in singles. This was the most noteworthy performance of the tournament to date and figures to win first place.

Fordham Ram May Return to Major Spot in Football

Alumni Asking for Big Time Club; Franco or Devore May Be Named Coach

The names of Hugh Devore, former Notre Dame player and coach, and Ed Franco, ex-Fordham All-America tackle, were being mentioned on Rose Hill this morning following strong alumni pressure which may return Fordham University to the prime power of the gridiron.

A few weeks ago the Rev. Robert I. Gannon, rector of the university, announced that Fordham would restore football during the 1946 season but only to intercollegiate competition and on a purely New York basis. This morning, however, the rector seemed willing to discuss the matter after hearing the strong alumni support.

According to The Daily News, a final decision is expected within a week or 10 days and will be followed by the naming of a new coach. If Fordham is to return to the big time in football it is very probable that Devore will get the job. But if the Ram eleven goes on a small scale Franco is the likely candidate.

Both possibilities—Devore and Franco—are available to Fordham offers at the present time. Hugh has declined several offers of late after having left Notre Dame. He was head coach at South Bend last year and turned in a splendid record, encountering expected defeats by Army and Navy, and a last game upset by Great Lakes.

Franco, who has been inactive since 1942 when he was a line coach at Fordham, is operating a sporting goods store in Jersey City.

Veteran Captures Honors in Speed Skating Finals

Bob Fitzgerald Unseats Bartholomew for Top Position in North American Meet

Schenectady, N. Y., Jan. 28 (AP)—A 22-year-old Army Air Corps veteran, with a bad case of laryngitis, wrapped a scarf around his ailing throat and went out to win the North American speed skating championship.

Bob Fitzgerald, Minneapolis, scored an easy victory in the senior men's division of the championship meet here yesterday and Saturday to unseat Ken Bartholomew, a fellow townsman who won the title in 1942.

Top honors for senior women went to Ellen Whalley of Winnipeg, Canada.

Fitzgerald, anased 140 points, clinching the title, and then with-drew from the remaining mile and five-mile events because of his laryngitis. Bartholomew went on to capture these races.

The flashy Minneapolis title-holder won the 440-yard and three-quarter-mile events and placed second to Bartholomew in the two-mile Saturday. He won the 220-yard and 800 yesterday to clinch the title.

Frank Stack, Winnipeg, was third in the senior men's division with 80 points.

Following Miss Whalley, who had 120 points in the senior women's division, were Beatrice Foxmann of Hartford, Conn., with 90 and Bernice Molowski of West Allis, Wis., with 60.

Thermometer Dips To 14 Above Here

Saturday night and Sunday were extremely cold days in Kingston with the official thermometer Saturday night registering a low of 15 degrees at 11 o'clock, while Sunday morning at 7:15 o'clock the mercury had dropped to a low of seven degrees.

This morning at 6:30 o'clock a low of 14 degrees was recorded by the official thermometer.

Saturday morning at 11:15 o'clock the mercury hit the highest point of the day, registering 39 degrees, and during the afternoon it gradually grew much colder.

Sunday the highest temperature was recorded at 4 o'clock in the afternoon when the mercury stood at 24 degrees.

ownership is to be guaranteed for a veteran unless the house is within his means and suitable for a dwelling and unless the appraiser who is appointed by the Veterans Administration thinks its long-term value is equivalent to the price being paid today.

Priorities recently established to channel the ten most scarce home building materials into new houses and apartments to which veterans will be entitled to make the first occupancy bid will mean more and more utilization of the terms of the Servicemen's Readjustment Act. This Act visualizes home ownership as a definite part of the program for rehabilitating returning servicemen into the civil life of the community.

R.C.A., Union Gets Together on Wage Boost at Camden

New York, Jan. 28 (AP)—A possible basis for settlement of the two-weeks-old strike of 200,000 C.I.O. Electrical Workers was projected today by announcement that the Radio Corporation of America and the union had agreed on a 17½-cents-an-hour wage increase for 8,000 Camden, N. J., workers.

The agreement, announced here yesterday by R.C.A. President David Sarnoff and James J. Matles, director of organization of the United Electrical, Radio and Machine Workers, was reached without a strike and without government intervention. Negotiations had been in progress three months.

Some labor circles suggested the R.C.A. Camden contract might provide a basis for settling the nationwide dispute.

There was, however, no direct word from other strike-bound major electrical industries as to any change in position concerning union demands.

The Camden workers, employed by the Victor Division of R.C.A., were to meet at union headquarters there at 4 p. m. today to ratify the settlement, which also includes retroactive pay increased to October 7, 1945, and six paid holidays a year. The new contract, effective until October 7, 1946, carries a no-strike provision.

Union employees at the Camden plant originally sought a pay boost of 25 cents an hour—the same amount demanded by other C.I.O. members who struck January 15 at plants of General Electric, Westinghouse and the electrical division of General Motors.

The Camden plant manufactures radios, television sets, radar apparatus, phonograph and electronic equipment.

J., the hospital announced today. Mrs. Husted, who has been a member of the Red Cross since 1943, succeeds Mrs. Anne H. Williams.

Drum Corps Meets

There will be a meeting of the Port Jervis Drum Corps this evening in the Fire Hall.

Proclamation

Mayor W. F. Edelmuth today issued the following proclamation concerning the financial drive to raise \$3,500 for the Franklin Street A.M.E. Zion Church:

Whereas, the Franklin Street A.M.E. Zion Church is endeavoring to raise sufficient funds to lift the mortgage which the congregation has been burdened with for many years, and

Whereas, this church has always been a strong influence in civic and fraternal affairs in this city and has always taken an active part in any national or city fund raising appeal,

Now, therefore, I, William F. Edelmuth, mayor of the city of Kingston, do hereby proclaim and set aside the week of January 28th for the fund raising appeal of the Franklin Street A.M.E. Zion Church and respectfully request and urge all the citizens of this city to give as generously as their means will permit to this most worthy cause.

Given under my hand this 28th day of January, 1946.

WILLIAM F. EDELMUTH, Mayor.

Bing Heads Oscar Parade in Hollywood

Hollywood, Jan. 28 (AP)—Bing Crosby, who does better in the Oscar Derby than his horses do in the racing variety, is running in front again for that much-prized statuette.

His priestly role in "The Bells of St. Mary's" won him the nomination last night for 1945's top honor from the Motion Picture Academy of Arts and Sciences, and a chance to defend his triumph a year ago in "Going My Way."

Only Spencer Tracy—with "Captains Courageous" in 1937 and "Boys Town" in 1938—has been a male winner of two Oscars. On the feminine side, three former winners get the opportunity to duplicate the feats of repeaters Bette Davis and Luise Rainer. They are Ingrid Bergman, also for "Bells of St. Mary's," Greer Garson for "The Valley of Decision" and Jennifer Jones for "Love Letters." Miss Bergman

won with "Gaslight" last year, Miss Jones with "The Song of Bernadette" (1943) and Miss Garson with "Mrs. Miniver" (1942).

Crosby's chief competition is expected from Ray Milland, the alcoholic of "The Lost Weekend." Others nominated are Cornel Wilde, "A Song to Remember," Gregory Peck, "Keys of the Kingdom," and Gene Kelly, "Anchors Aweigh."

"Bells of St. Mary's," "Anchors Aweigh," "Lost Weekend," "Mildred Pierce" and "Spellbound" were selected for the production competition.

Out of Danger

Washington, Jan. 28 (AP)—Major Reed W. Rowley, 45, Merrick, N. Y., Army Air Forces officer, who police said was found Friday in a car near the White House with his wrists, knees and thighs slashed, is "out of danger," Walter Reed Hos-

pital authorities said today. "Improving and his condition is critical," hospital public relations officers reported.

SUNOCO DYNAFUEL

...PLUS

INCOMPARABLE SMOOTHNESS

HERE'S WHY ONLY DYNAFUEL GIVES YOU THIS PLUS

All gasolines (including Sunoco Dynafuel) are composed of "light" and "heavy" molecules. As the gasoline goes into the cylinders from the carburetor, some of the "heavy" molecules separate from the rest of the gasoline and go to certain cylinders which get most of the "heavy" molecules while other cylinders get mostly "light" molecules.

ORDINARY GASOLINE

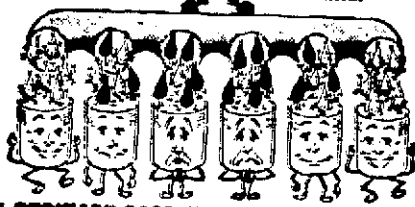

HIGH OCTANE MOLECULES

LOW OCTANE MOLECULES

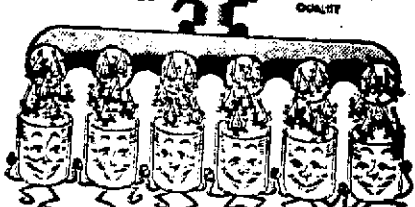

SUNOCO DYNAFUEL

ALL MOLECULES ARE HIGH OCTANE QUALITY

IN ORDINARY GASOLINE the "heavy" molecules are low in octane quality... but the "light" molecules are high octane. The cylinders receiving the low grade "heavy" molecules do not receive the same high knockless quality as other cylinders.

IN SUNOCO DYNAFUEL, all molecules, both "heavy" and "light" deliver equally high octane power. No matter whether a cylinder receives "light" or "heavy" molecules, that cylinder and all cylinders receive uniformly high knockless quality.

High-test performance without "high-test" price!
